April 29, 2018

To Whom It May Concern:

The 27th Annual Southwestern Conference on Medicine took place April 26-29, 2018 at The Westin La Paloma Resort & Spa in Tucson, AZ.

In accordance with the Arizona SB1001 provision requiring all healthcare professionals authorized to prescribe Schedule II controlled substances to complete a minimum of three hours of opioid-related continuing medical education in each license renewal cycle, Tucson Osteopathic Medical Foundation presented four hours of eligible education during the aforementioned Conference.

The physician in possession of this memo, and whose certificate for the 27th Annual Southwestern Conference on Medicine is attached, participated in the portion of the Conference entitled "Addressing the Opioid Crisis in Primary Care" on April 28 from 8:30 am – 12:45 pm and obtained four hours of eligible opioid-related education.

Sincerely,

A handwritten signature in cursive script that reads "Nicole Struck".
