May 2, 2022

To Whom It May Concern:

The 2022 Southwestern Conference on Medicine took place April 28 - May 1, 2022 at Westin La Paloma Resort & Spa in Tucson, AZ.

In accordance with Arizona Revised Statute 32-3248.02 requiring all healthcare professionals authorized to prescribe Schedule II controlled substances to complete a minimum of three (3) hours of opioid-related continuing medical education in each license renewal cycle, Tucson Osteopathic Medical Foundation presented three (3) hours of eligible education during the aforementioned Conference.

The physician in possession of this memo, and whose certificate for the 2022 Southwestern Conference on Medicine is attached, participated in the portions of the Conference entitled "The Pain of Trauma, the Trauma of Pain: From Chronic Pain Management to Chronic Pain Recovery" on April 28 from 1:00 pm to 3:00 pm and "Opioid-Free Acute Care" on April 30 from 9:15 am to 10:15 am and obtained three (3) hours of eligible opioid-relevant education.

Sincerely,

A handwritten signature in cursive script that reads 'Nicole Struck'.
