

Need CME?

For more than two decades the TOMF has been a local resources for quality CME. Each year, TOMF offers almost 40 hours of AOA Category 1A CME credit presented through our Annual Southwestern Conference on Medicine Primary Care Update. You can satisfy your Arizona state licensure CME requirement and much of your AOA membership CME requirement right here in Tucson with little to no travel expense and minimal down time from your practice. As you plan for the final year of the AOA Osteopathic Continuous Certification 2013-2015 Cycle we hope you will consider participating in TOMF's upcoming CME offerings:

**24TH ANNUAL
SOUTHWESTERN CONFERENCE ON MEDICINE
APRIL 23 - 26, 2015
32 AOA CATEGORY 1A CREDITS
JW MARRIOTT STAR PASS RESORT AND SPA
REGISTRATION IS AVAILABLE NOW!**

**4TH ANNUAL
SOUTHWESTERN CONFERENCE ON MEDICINE
PRIMARY CARE UPDATE
INFECTIOUS DISEASE FOCUS CONFERENCE
OCTOBER 24, 2015
6 AOA CATEGORY 1A CREDITS**

Good News!

Previous AOA policy dictated that no more than 25 of the 50 required specialty credits per three year cycle may come from osteopathic foundation seminars, state society seminars, college of medicine seminars or acute care hospital programs. This specialty credit cap has been removed for 2015!

Some Other CME Requirement Reminders

In order to maintain a license to practice osteopathic medicine in the state of Arizona, osteopathic physicians are required to obtain 20 hours of CME per year. Of that, at least 12 hours must be 1A credit provided by a Category 1 CME sponsor like TOMF. No more than 8 hours may be provided by an accredited AMA or ACCME provider and certified as AMA PRA Category 1 credit.

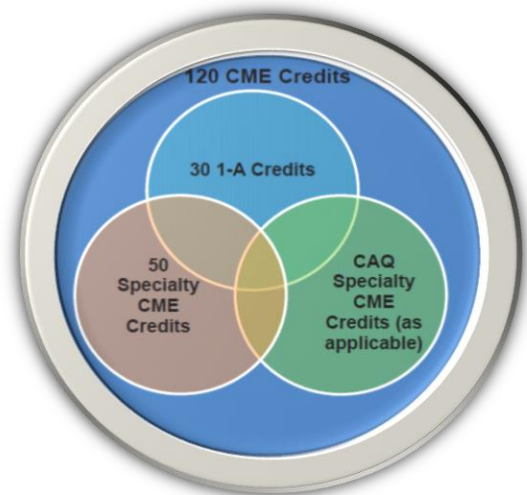

Category 1A Credit is granted for live programs provided by Category 1 CME sponsors. Category 1B is granted for programs of a more casual nature (online, teaching, writing) provided by Category 1 CME sponsors. Category 2A is granted for live programs sponsored by non-AOA accredited providers. Category 2B is granted for programs of a more casual nature (online, teaching, writing) sponsored by non-AOA accredited providers.

AOA recertifying physicians must fulfill 120 hours of CME credit during each three year CME cycle. 150 hours are required for the American Osteopathic Board of Family Practice, the American Osteopathic Board of Neuromusculoskeletal Medicine, and the American Osteopathic Board of Anesthesiology. The 120/150 hours may include a variety of credit levels (1A, 1B, 2A, 2B) but must include at least 30 1A credits and 50 specialty credits in primary specialties

For physicians holding certifications of added qualification (CAQs), a minimum of 13 credits must be earned at the level of the CAQ. At least 15 credits must be earned in the primary certification.

Practice Performance Assessment and Improvement is the only new component in the osteopathic continuous certification process. Physicians must engage in continuous improvement through comparison of personal practice performance measured against national standards in their medical specialty.

Specialty certifying board contact information is attached and also available at www.osteopathic.org. Please contact your specialty board for complete details about eligibility for certification, requirements for maintaining certification, or recertification. Other questions may be directed to certification@osteopathic.org.
